

Flying Into CATALINA Airport (KAVX) -The BEST Way!

Enjoying Catalina, the Island in the Sky, is a Wonderful Experience! By reviewing the procedures necessary for a safe flight there, and a safe approach and landing once you arrive, pilots can be better assured that they are prepared, and better understand the challenges. This seminar focuses entirely upon flight to, and the flight back from the Island. Bring your questions!

Directions: First driveway going south past Airport Avenue (College Dr. - Traffic Light) Southeast corner of KSMO. Located inside the big green four story building on the first floor. Just enter through the front doors, and turn left at the first aisle. Room #123 will be to your right, at the end of the aisle. Plenty of free parking.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
